## **PART B**

### **1. Activities reflecting the goals and objectives of the institution:**

Padmabhushan Sri.N.Ramaswami Ayyar founded the institution in 1951, with the main aim of empowering women through education so as to equip them to face the challenges of modernity, preserving at the same time our traditional moorings and cultural identity. Each year, keeping that as prime aim, the institutions marches towards it. Due to our increasing students' strength, NSS UNIT V was sanctioned by Bharadhidasan University.

### **2. New academic programmes initiated (UG and PG):**

In the year 2006, M.Com Event Management has started and which has the unique distinction of having been recognized under the scheme of Innovative Program by the University Grants Commission, which has sanctioned Rs.18/- lakhs for this course.

### **3. Innovations in curricular design and transaction:**

M.Com Event Management, the innovative programme features practical training, hands on experience and professional fine tuning in addition to tie ups with industries and other organizations and agencies. The development of soft skills and communication skills are integral aspects of the programme. The practical part of it gives a platform to the Event Management students to organize a large number of events in our institution during this academic year.

Choice Based Credit System of 2003 continued with a wide choice 21 Core subjects and 31 supportive subjects and also 40 short term certificate courses. The academic programmes offered in the college not only impart knowledge but also develop the skills to apply that knowledge in real life situations. The autonomous status made it possible to introduce innovations and make experiments in syllabus design, methodology and testing. Socially relevant and job-oriented papers, field work and practical training are part of the curriculum. Special mention must be made of a common paper on Indian Rural community and Health

scenario for the students of Economics, Home science, Nutrition and Dietetics and Health Care and Hospital management.

To the traditional Economics programme, a new dimension has been added through the introduction of Environmental Economics, Consumer Economics, Entrepreneurship Development and Organizational Behaviour.
