I am proud to present before this august gathering, the report of the activities of our College during the academic year 2017-18, on this **67th College Day Celebration**.

Success is not our ultimate destination but another record of our performance in our onward journey towards excellence. It is not mere existence but the exuberant endurance and perseverance that glorifies the record of Seethalakshmi Ramaswami College. Braving many odds and tough days, our institution has accomplished benchmarking glory by empowering women through education. Inspired by our traditional values and ignited by a prophetic vision and the blessings of Goddess Akilandeshwari, our revered founder **Padmabhushan Sri. N. Ramaswami Iyyer**, an eminent lawyer by profession, a philanthropist by deed, a visionary with a missionary zeal, founded Seethalakshmi Ramaswami College in the year 1951 with 11 students, under a thatched building.

A well known Chinese proverb says,

***“If you plan for one year, plant rice,
If you plan for ten years, plant a tree,
If you plan for hundred years, educate people”***

Our founder had made the saying come true and by his indomitable spirit and untiring efforts, the institution has grown rapidly with the aim of enlightening and empowering women to equip them with the knowledge and life skills to face the challenges of the digital era by preserving our traditional moorings and cultural identity.

At present, the institution has a strength of 4200 girls studying in various Arts, Science and Commerce degree courses. Our college offers 21 courses at the UG level, 14 at the PG level, 7 departments offer M.Phil and 8 departments offer Ph.D research degree. The college became one of the few colleges to acquire autonomous status in the year 1987 and in January 2004, it became one of the first seven colleges to get accredited by NAAC. It is now marching ahead towards excellence to keep itself on par with some of the best institutions nationally acclaimed as reputed ones. With 30 years of autonomy, our college has been accredited by NAAC with “A” grade in September 2012. Our academic programme focuses on combining theories with application of those theories in the curriculum.
