## ABOUT THE COLLEGE

Seethalakshmi Ramaswami College (SRC) is an arts and science college for women situated in Tiruchirappalli, Tamil Nadu. It was established in the year 1951 by Padmabhushan Sri N. Ramaswami Ayyar. It is an autonomous college affiliated to Bharathidasan University, Tiruchirappalli. It has been awarded an A+ grade in its 4<sup>th</sup> cycle of accreditation by NAAC. SRC was the first women's college in Tamil Nadu to offer M.Sc. in Chemistry and Physics. It was among the 10 colleges in India selected for Pathway to Higher Education sponsored by the prestigious Ford Foundation, USA. The College offers 25 undergraduate, 9 postgraduate and 8 research programmes. It continuously strives to improve its teaching standards by incorporating the latest technology and strategies to provide the best possible learning environment for students. Skilling programmes such as Community College and B.Voc. under the auspices of NSDC have empowered the lives of countless students through employment and entrepreneurship. The College has built up a decades-strong research base facilitated by grants from leading funding agencies such as UGC, DST, DBT, ICSSR, TAFCOR and TNSCST. The faculty regularly organize, participate and publish in various national and international conferences, seminars and peer-reviewed journals and hold several patents. SRC-QUEST, a unique peer-reviewed journal published annually by the College, has helped raise the research standards. Over the years, the College has earned innumerable awards and accolades and is held in high esteem by its peers and the society. SRC aims to create passionate and responsible citizens, as exemplified by Smt. Nirmala Sitharaman, an alumna of the department of Economics, who serves as Hon. Minister of Finance & Corporate Affairs, Government of India.

## ABOUT THE DEPARTMENT

The department of Nutrition and Dietetics was instituted in the year 1983. Students graduated from this department are successfully placed in industry and institutions of repute. It was awarded UGC funded B.Voc. Food Processing programme in 2018 under NSDC. It is a flagship programme of the Honorable Prime Minister and aimed at promoting skill development and entrepreneurship particularly for women. Through this programme the remote, rural women folk of Tiruchirappalli completed their diploma, advanced diploma and degree in Food Processing and became successful entrepreneurs. Since nutrition is cornerstone for good health that is vital for national development, the department is making concerted efforts to achieve the National goal of "Health for All" through its societal outreach activities. The department of Nutrition and Dietetics has taken up the challenge of offering updated knowledge through experiential learning; ICT enabled teaching has honed the skills of the students to achieve holistic development. Since its inception, the department has envisioned community development as a core component and has taken up the responsibility of nurturing successful teachers, administrators, researchers, entrepreneurs and health-conscious citizens.

## ABOUT THE CONFERENCE

The National Conference on "Innovative Nutrition Strategies to Build a Healthier Vikshit Bharat", organized by the Department of Nutrition and Dietetics, Seethalakshmi Ramaswami College, serves as an advanced academic platform for critical engagement with contemporary challenges and innovations in nutrition science. Grounded in India's long-term developmental vision of Vikshit Bharat @ 2047, the conference focuses on strengthening nutrition-related research and policy through interdisciplinary and nationally informed perspectives. By fostering dialogue that integrates scientific research with practical, culturally relevant applications, the conference highlights nutrition as a central driver of national progress, societal well-being, and resilient food systems. Importantly, the conference aligns its objectives with the broader global agenda aimed at promoting health, food security, sustainability, and equitable development. Through keynote addresses, scientific sessions, and collaborative exchanges, it aims to stimulate research-led innovations and strengthen national partnerships that can guide scalable nutrition strategies contributing to a healthier, sustainable, and forward-looking Vikshit Bharat.

### Key Focus Area

- + Smart Nutrition Technologies
- + Healthy Food Product Innovation
- + Nutrition Entrepreneurship
