IQAC always works in line with the goals of the institution in imparting higher standards of learning outcomes. It advocates the provision of a learner-centric environment to the stakeholders by ensuring conducive environment integrating conventional and modern teaching methodologies resulting in a blended learning atmosphere. The primary aim of IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. It promotes measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices. The FDP is a measure of the IQAC that tries to meet the requirements of the faculty working in terms with the dire needs of the students of the millennium year. IQAC synchronises the demands of the learner and the teacher taking the institution higher and higher on par with international standards.

## ABOUT THE FDP

Teaching and Learning form the fulcrum of any educational institution. In the olden days, conventional methods like chalk and talk methods and lecture methods were very common. With the advancement in the field of Science and Technology, the Learning and Teaching have been upgraded periodically. The changing scenario helps students to learn the tangible and intangible components of the curriculum. The various technologies associated with pedagogical strategies adopted are virtual classrooms, artificial intelligence amalgamated classrooms, smart classrooms and the like. The evolution tethers the constituents of the subject matter with the learners resulting in good learning outcomes. The modern methodologies multiply the effect of teaching, enabling the orientation of the theoretical aspects for practical purposes resulting in the attainment of the goals of teaching. It is observed as a quality initiative by the assessment commissions all over the world. This FDP aims to expand the Teaching - Learning community's insights on the facilitation of following areas

- Digital Classrooms
- Online Learning
- Multimedia and Interactive Content
- Personalized Learning
- Collaboration and Communication
- Assessment and Feedback
- Access to Global Resources
- Supporting Special Needs
- Professional Development
